daiken@unl.edu

**496 How One Woman Changed the
World**

CREDITS: 3

NOTE: Pass/No Pass optional

This class is an exploration of what the writing of Rachel Carson has meant to the world since the publication of her landmark book, *Silent Spring*. This book was a warning about the harmful effects of careless and widespread pesticide use. The warning was heard and felt by the chemical industry, news media, government, and the public. Today, our health and that of the environment are no doubt improved over what they would have been without the publication of this book.

INSTRUCTOR: Stephen Danielson;
(402) 472-8693; sdanielson1@unl.edu

FALL MEETING: Wednesday, August 27; Plant Industry
